

IF I LET IT...

In My Room

My room
Could be a tomb
Filled with gloom and doom
If I let it...

It could also be a stage
Where I could express
Love or even rage
If I let it...

It could become my favorite spot
To peel back time and
Reminisce a lot
If I let it...

And last but not least -
It could become my Camelot
Where good things happen and
Bad things do not
If I let it...
